AMERICAS NEWEST AND FINEST CHRYSANTHEMUMS REDMAN'S NURSERY MAUMEE, OHIO

We specialize in the growing of "Mums" and offer one of America's Newest and Finest selections available. Included you will find the sensational new English varieties, the best in the University of Minnesota, the famous Dr. Kraus Chicago varieties, University of New Hampshire and many others by Americas foremost breeders.

Our "Mums" are expertly grown by experienced nurserymen. Properly rooted, transplanted and finished according to the highest standards. Our "Mum" fields are thoroughly cultivated, scientifically fed and rigidly sprayed to develop strong, vigorous, disease free stock. All plants are frequently inspected by both State inspectors as well as by our own experienced personnel.

We believe no finer stock can be produced. Each plant is individually grown and comes to you as a living, stocky and well developed specimen plant ready to set in the garden or field. Such plants cannot help but live, thrive and produce on abundance of bloom if given ordinary care.

Needless to say, such stock costs considerably more to produce yet our prices are in almost every case substantially below general market quotations. Our low prices are made possible by a combination of economic practices, among them are: we issue no colored catalogues costing upwards to \$1.00 each which represents a great cost that must be charged to the customer. We limit our production to only such quantities as we can carefully grow. Our growing losses are thus held to practically nothing. Our help is thoroughly experienced which avoids costly growing mistakes and we ourselves are pleased to operate on a very reasonable margin.

G U A R A N T E E

The quality of our stock is such that we guarantee every REDMAN "Mum" to be true to name, State inspected and to be entirely satisfactory when you receive them or return same at once and your money together with transportation charges will be refunded in full. Only superior stock can stand such a guarantee.

THE ENGLISH "MUMS"

This is the strain that is taking the country by storm. It is a race of hardy garden "Mums" that actually rivals the beautiful greenhouse varieties in size, brilliance of color and shape. They are early bloomers, garden hardy, abundant with flowers and healthy green foliage. English Mums are famous for the huge size of blossoms, many with incurved petals exactly like the Greenhouse Mums. They come in gorgeous sparkling colors of crystal white, beautiful yellows, reds, lavenders, bronze, pinks and many bi-colors that are indescribably gorgeous, no matter how many "Mums" you grow, our English varieties will amaze you for sheer breath taking size and beauty. Don't fail to order some of these; you'll love them. Stocks are still very scarce and these varieties sell out the first of all, so please place your order as early as possible. If you like "Mums" include these new English sorts.

ABOUT PRICES

Our "Mums" are listed wherever possible, under price groups for simplicity. On orders for LESS THAN \$1.00, please add 20% to cover cost of handling. Orders for \$1.00 or over are sent prepaid to your door. Where three or more plants in any price group are wanted they can be alike or assorted, which ever you prefer. All plants separately labeled. PLEASE CHECK OUR SPECIAL COLLECTIONS AS THEY REPRESENT THE GREATEST VALUE IN FINE NAMED VARIETIES THAT WE HAVE TO OFFER. EACH COLLECTION IS CAREFULLY MADE UP OF OUR FINEST STOCK IN OUR MOST SUCCESSFUL GARDEN VARIETIES. COLLECTIONS CONTAIN THE SAME IDENTICAL PLANTS AS WHEN ORDERED SEPARATELY, AND ARE TRULY LOW IN PRICE. THEY CONTAIN THE BEST WE GROW. TRY THEM ON OUR RECOMMENDATION.

HARDY GARDEN VARIETIES

The following groups represent some of the finest garden Chrysanthemums listed to date. Because of their newness and popularity, you will find many of these varieties listed only by the country's leading growers. Many of these have not yet found their way into average listings. Each one is acknowledged by experts as being the finest of its class. No newer or finer varieties will be found anywhere. We ask you to compare varieties and prices and remember that our guarantee assures you of the finest quality stock or your money cheerfully refunded. Some of these newer varieties are still quite short in supply and we urge you to place your order as early as possible as our prices usually exhaust our supply quite early.

*****PRICES*****

Any of the following, alike or assorted, separately labeled and prepaid. Each .40¢; 3 for \$1.10; 6 for \$2.00; 12 for \$3.90; 25 for \$7.50. Note: We recommend three or more of one variety for best garden display.

MY LADY.	A lovely double flower of gold with bronze-red shadings. One of the earliest to bloom. Very vigorous. Aug.
